

University of Pittsburgh
Spring 2024 Commencement Ceremony

A MESSAGE FROM CHANCELLOR JOAN GABEL

Thank you for joining us in celebrating the University of Pittsburgh's 2024 Spring Commencement and in recognizing our students and their academic growth and accomplishments.

Today marks a pivotal milestone for our students. They are set to cross the finish line because you—their family, friends, faculty and staff—have been with them every step of the way, championing their success. Thank you to all of you whose support has meant so much.

This spring's graduates will soon join an even bigger Pitt community—one that includes more than 350,000 alumni who are living proof that anything is possible with a Pitt education.

To our graduates: Congratulations! Thank you for letting us take this journey with you. I look forward to seeing and hearing about all the incredible things you will do to transform the world in the months and years ahead.

Hail to Pitt!

COLORS DISTINCTIVE OF THE DISCIPLINES AND PROFESSIONS

Color is an important element of all academic ceremonies. Referred to as “faculty colors,” they are used to symbolize degrees earned and areas of study. The colors are based on tradition and are displayed on edgings of hoods, tassels on caps, and flags or banners that represent each school or college.

White: Arts

Dark Brown: Fine Arts

Yellow: Sciences

Orange: Engineering

Drab: Business

Light Blue: Education

Purple: Law

Lemon: Information Sciences

Royal Blue: Philosophy

Citron: Social Work

Peacock Blue: Public Affairs

Green: Medicine

Lilac: Dentistry

Olive Green: Pharmacy

Apricot: Nursing

Salmon: Public Health

Teal: Rehabilitation

THE NATIONAL ANTHEM

Oh! say, can you see, by the dawn's early light,
What so proudly we hail'd at the twilight's last gleaming,
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watch'd were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air
Gave proof thro' the night that our flag was still there;
Oh! say, does that star-spangled banner yet wave
O'er the land of the free and the home of the brave?

ALMA MATER

Alma Mater, wise and glorious,
Child of Light and Bride of Truth,
Over fate and foe victorious,
Dower'd with eternal youth.
Crowned with love of son and daughter,
Thou shalt conquer as of yore.
Dear Old Pittsburgh, Alma Mater,
God preserve Thee evermore!

ADMINISTRATIVE OFFICERS OF THE UNIVERSITY

Joan Gabel, BA, JD, Chancellor

Joseph J. McCarthy, BS, PhD, Provost and Senior Vice Chancellor

Anantha Shekhar, MD, PhD, Senior Vice Chancellor for the Health Sciences
and John and Gertrude Petersen Dean, School of Medicine

ANNOUNCEMENT OF UNDERGRADUATE CANDIDATES

ALUMNI WELCOME

Richard Sedory, JD
President, Pitt Alumni Association

ALMA MATER

Members of the Heinz Chapel Choir
Class of 2024

CONFERRING OF DEGREES

Joan Gabel

RECESSIONAL

(The audience is requested to remain seated during the recessional.)

JOHN P. SURMA

John P. Surma is the retired chair and chief executive officer of United States Steel Corporation.

Surma began his career with U.S. Steel as vice chair and chief financial officer in January 2002. He was named president in March 2003, president and chief operating officer in June 2003, president and chief executive officer in 2004, and chair in February 2006.

Surma was previously a partner at PwC and held senior management positions at Marathon Oil Company, Speedway SuperAmerica LLC, and Marathon Petroleum Corporation.

In 1983, Surma participated in President Ronald Reagan's Executive Exchange Program in Washington, D.C., where he served as executive staff assistant to the vice chair of the Federal Reserve Board.

Surma is nonexecutive chair of the board of directors of Marathon Petroleum Corporation and a member of the boards of directors of MPLX, Trane Technologies, and PSEG. He also is chair of the board of directors of UPMC. Surma was appointed by President Barack Obama to the Advisory Committee for Trade Policy and Negotiations and served as its vice chair. He previously served as chair of the board of the National Safety Council and the Federal Reserve Bank of Cleveland.

A native of Pittsburgh, Surma received his degree in accounting from Pennsylvania State University and has served on the University of Pittsburgh Board of Trustees since 2023.

CANDIDATES FOR DEGREES

At this Commencement Convocation, degrees are conferred upon persons who completed requirements in April 2024. Because candidates would not have completed degree requirements before the printing of this program, it was not possible to provide more than a tentative listing of candidates. The listing of a degree on a University academic transcript is the official testimony of degree conferral. This academic achievement is celebrated through the issuance of a University diploma.

KENNETH P. DIETRICH SCHOOL OF ARTS AND SCIENCES

ACADEMIC HERALDRY: THE SYMBOLS OF LEARNING

The college or university commencement procession today, in this country and abroad, is a pageant, alive and bright with the dress and ceremony inherited from the medieval universities of the 11th and 12th centuries.

Academic life as we know it today began in the Middle Ages—with Bologna and Paris; Oxford and Cambridge; Edinburgh, Glasgow, and Louvain—first in the church, then in the guilds. The teaching guild was the Guild of the Master of Arts, where the bachelor was the apprentice of the master and the dress was the outward sign of privilege and responsibility. The dress made visible, in color and pattern, the unity of men of like purpose. Twelfth-century records of the University of Oxford carry this justification for academic dress: “It is honourable and in accordance with reason that clerks to whom God has given an advantage of the lay folk in their adornments within, should likewise differ from the lay folk outwardly in dress.”

Their design and heraldry were the outward indications of the bringing together of students and privileged persons under the same disciplines.

In later centuries, to preserve their dignity and meaning, it became necessary for universities to set rules for academic dress. American universities agreed on a definite system in 1895 and set up a suitable code of academic dress for the colleges and universities of the United States. In 1932, the American Council on Education presented a revised code, which for the most part governs the style of academic dress today.

The principal features of academic dress are three: the gown, the cap, and the hood.

The Gown. The flowing gown comes from the 12th century. Many think it was worn in olden times as protection against the cold of unheated buildings. It has become symbolic of the democracy of scholarship, for it completely covers any dress of rank or social standing underneath. It is black for all degrees, with pointed sleeves for the bachelor’s degree; long closed sleeves for the master’s degree, with a slit for the arm; and round open sleeves for the doctoral degree. The gown worn for the bachelor’s or master’s degree has no trimmings. The gown for the doctoral degree is faced down the front with velvet and has three bars of velvet across the sleeves, in the color distinctive of the faculty or discipline to which the degree pertains. The official colors of the college may now appear in the gown or its decorations. (The trustees and administrative officers of the University of Pittsburgh wear gowns trimmed in blue velvet edged in gold faille.)

The Cap. The freed slave in ancient Rome won the privilege of wearing a cap, and so the academic cap is a sign of the freedom of scholarship and the responsibility and dignity with which scholarship endows the wearer. Old poetry records the cap of scholarship as square to symbolize the book, although some authorities claim that the mortar-board is the symbol of the masons, a privileged guild. The color of the tassel on the cap denotes the discipline.

The Hood. Heraldically, the hood is an inverted shield with one or more chevrons of a secondary color on the ground of the primary color of the college. The color of the facing of the hood denotes the discipline represented by the degree; the color of the lining of the hood designates the university or college from which the degree was granted.

The Mace. A ceremonial staff is carried by the chief University marshal, who is the president of the University Senate. The chief University marshal opens and closes all academic convocations, such as Honors Convocation and Commencement Convocation. A Pittsburgh artist designed the mace for the University of Pittsburgh. The design was created from an existing bronze seal representing the Office of the Chancellor. The seal is surrounded by concentric rims that are supported by four contemporary shapes. The hand-turned shaft is made of native Pennsylvania walnut.
